II. INDONESIA'S PATH TO UNIVERSAL HEALTH COVERAGE

III. PHARMACEUTICAL SERVICES in UHC

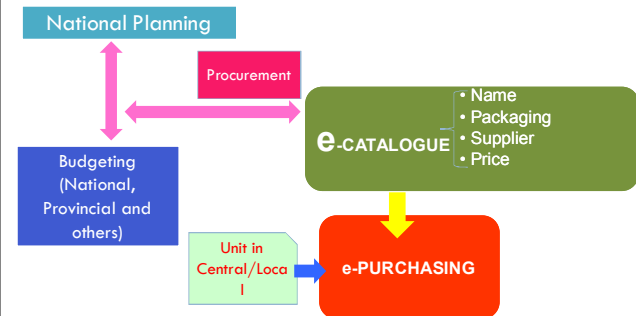

Accessibility and Affordability

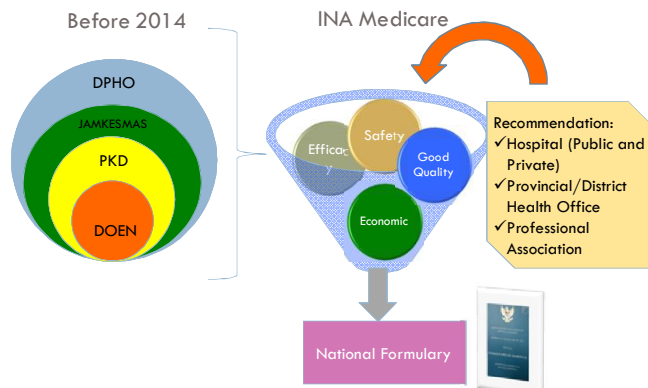

- All health care facilities should ensure the availability of medicine and medical devices

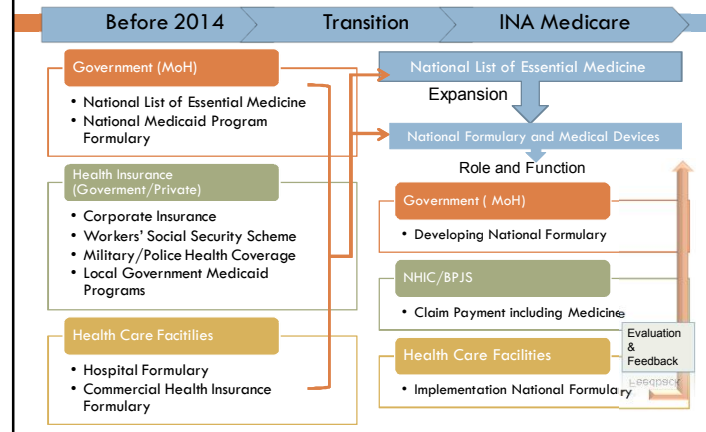

Drug Supply Management

List of Medicine in INA Medicare

Simplification List of Medicine in INA Medicare

Rational Use of Medicine

Goal

Patient received
safe, effective,
good quality and
cost effective
medicine

Efforts

1. Monitoring and Evaluation of National Formulary Implementation based on STGs
2. Establishment/strengthen capacity on pharmaceutical services

IV. CONCLUSION

- INA Medicare has started on January, 1st 2014. This system constitutes an equitable health services for all people at the same time.
- MoH developed regulation, standard and guideline in pharmaceutical aspects; including accessibility, affordability, rational use of medicine and monitoring evaluation of these implementation.
- Ministry of Health would be interested in any suggestion on substantive and technical details regarding the roadmap
